BIG AUTOMOBILE CONTEST LAUNCHED!

\$1500 TOURING CAR GRAND PRIZE

BIG "EVERYBODY WINS" CONTEST TO OPEN NEXT MONDAY TO ALL ENTERPRISING MEN, WOMEN, BOYS AND GIRLS; ENERGY WINS

[Note.—On pages four and five of this issue appears a comprehensive description of The Enterprise-North End Progress big "Automobile Prize Contest and Subscription Drive." Rules and regulations, together with full information, will be found on these pages.]

We are out for 3000 new subscribers to the South San Francisco Enterprise and the North End Progress of Daly City! Are you with us?

While The Enterprise already enjoys a wide circulation, this newspaper is desirous of increasing its family of readers in South San Francisco and vicinity, and, concurrently, to build up a substantial subscription list for our new publication—the North End Progress of Daly City.

With this end in view we have planned, and today announce, the most liberal prize offering ever made the newspaper-reading public in this county—a campaign in which a brand-new 1920 model Baby Grand Chevrolet touring car, worth \$1500; a free summer vacation trip to Yellowstone Park, including an all-expenses-paid motor trip through the park; a beautiful solitaire diamond ring worth \$125; a Columbia Grafonola, worth \$100, besides a veritable shower of gold, will be awarded free Saturday night, July 24th, to the ambitious, hustling men and women, boys and girls of South San Francisco, Daly City, Colma, San Bruno, and surrounding territory.

Our Slogan—"Everybody Wins"

One of the features of this big prize distribution is the fact that there will be no losers in this race, as a 20 per cent cash commission (\$1 out of every \$5 collected) will be paid all ACTIVE non-prize winners, which, in itself, is an excellent business proposition.

This is not a "something for nothing" scheme; in fact, it is no scheme at all. Neither is it a charitable undertaking on the part of The Enterprise and North End Progress. It is a business proposition, pure and simple. Its object is to advertise, jointly, these two newspapers and the splendid qualities of the new 1920 model Chevrolet touring car; to secure new and renewal subscriptions to both publications, and last but not least, to win for them a welcome in every home in this section of the county.

Want 3000 Subscribers

Will it pay? This is a question that will naturally occur to all who read this announcement. Yes, it will pay! Not in dollars and cents, possibly, for the expense of the undertaking is very heavy, but there are other dividends that newspapers earn beside those expressed in the terms of money.

During this campaign hundreds of new subscribers will be added for the South San Francisco Enterprise and the North End Progress of Daly City, which will mean an immediate enhancement to the potency of these publications as advertising mediums—a newspaper's principal source of revenue; a large number of San Mateo county's best hustlers will be happier and richer in pocketbook as a result thereof, and there will be a great amount of satisfaction in all that; besides the general good en-

STUDENTS' PLAY IS EXCEPTIONALLY FINE

"It Pays to Advertise" Presented Before Large Audience in School Auditorium.

"It Pays to Advertise," the play produced by the graduating class at the South San Francisco high school last Friday night, drew a large audience, and the spectators were unanimous in declaring the play exceptionally well presented. The young actors, several of whose parts demanded unusual ability, carried off the story of the amateur soap maker and his financial difficulties in a way that kept their auditors keenly interested from the raising of the first curtain.

Where all parts were so well taken it is difficult to single out any for special mention, but it would have been impossible to see the play without bringing away the impression that Ray Spangler carried off the role of Ambrose Peale, the liveliest advertising man in captivity, as though the part had been created for him. Peale believed in advertising, then advertising some more, and his method of presenting his favorite theme carried conviction to the most doubting. Beatrice Eikerenkotter as Comtesse de Beaurien, the French adventures, was very good indeed. Miss Eikerenkotter's piquant prettiness fitted her for the part especially well, and her rendering of the character of the gay Parisienne left very little to be criticized. Darrell Dart, who took the part of the stern, gruff old father who had made a million by cornering the soap market but was in turn cornered by his supposedly ne'er-do-well son who went into the same business, was very good indeed. Bernice Holbrook as the girl secretary, Elmer Vaccari as the stiff and solemn butler, James McMills as the prodigal son and hero of the play, Sarah May Doak, Theodore Fischer, Margaret Carmody, Thomas Doak, Reese Lloyd, and Charles Dunlap were all very good in their respective parts and showed careful training.

Mrs. Elsie Brown, assisted by Miss Ivy Wilkinson, both teachers at the school, managed the play and trained the players, while H. M. Monroe was in charge of the stage and also leader of the orchestra.

The high school orchestra, which furnished the music for the occasion, is worthy of special mention. Under the management of Mr. Monroe the young musicians have made excellent progress, and their musical numbers were exceedingly well rendered.

Graduating exercises of the class of 1920 will be held at the high school auditorium next Thursday evening. There are five graduates this year, Beatrice Eikerenkotter, Josephine Pene, Margaret Carmody, Darrell Dart, and James McMills.

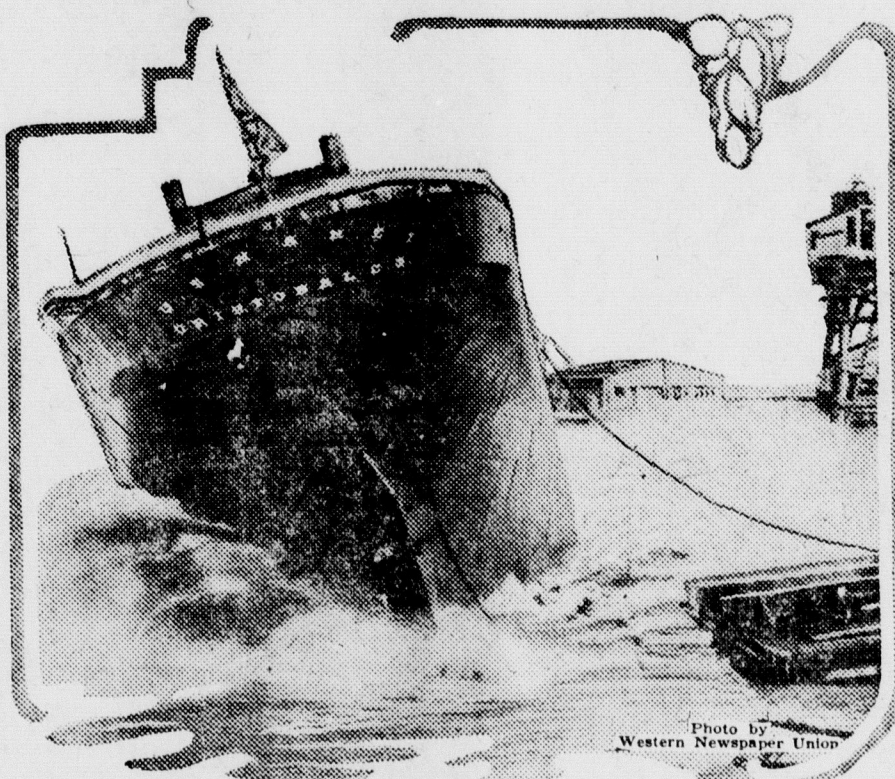

MISS KELLEY ENTERTAINED WITH DINNER-DANCE THURS.

Miss Lolita Kelley, who returned Wednesday from a trip to New York, was entertained at a dinner dance at Rainbow Lane, Fairmont Hotel, Thursday evening. Those present were Misses Lolita Kelley, Viola Hein, Maybelle Spellman, and Norma Belli; Major Anderson, U. S. A., Lieutenant-Commander Doris, U. S. N., Clifford Harris, Walter Wakeley.

WHIST CLUB MEETS.

The Whist Club met at the home of Mr. and Mrs. W. J. Martin Thursday night. There were four tables of players. F. A. Cunningham carried off first prize, George Kneese second, and Mrs. A. McSweeney third.

\$25 FOR A NAME

Our "\$10 for a name" contest in connection with choosing a title for "The North End Progress," which was won by Walter Liedecker of Daly City, created so much interest and suggested so many good ideas, we have concluded to offer another, and bigger, prize to the one who will nominate the winner of the grand capital prize in The Enterprise-North End Progress big automobile contest, just starting.

Put on your thinking-cap, folks! Cast about in your mind for some one—man or woman (married or single), boy or girl—whom you think would make a good race in a contest of this kind, and send in his or her name on the coupon below.

You may send in as many names as you like. Nominations will be filed away in the order received. If the grand capital prize winner is named by more than one party, the first nomination received will be awarded the \$25 in cash.

Name of nominator will not be divulged without his or her consent. You may nominate YOURSELF!

I hereby nominate Miss, Mr. or Mrs. _____

SO. S. F. SCOUTS WILL ATTEND SUMMER CAMP

Summer Recreation Grounds Planned Among the Giant Redwoods.

South San Francisco troop of the Boy Scouts will send a number of its members to the big camp planned for the Scouts at Cazadero, Calif., in July. Just how many are going has not yet been determined, but members of the troop have been supplied with application blanks and are now getting a line on the boys who desire to go.

That all Scouts who attend the camp among the giant redwoods will have the time of their lives is indicated by a booklet describing the camp, and the program planned has been issued. No boy could read it without desiring to have a part in the big summer jollification, in which eighty-four troops of this section of the state will participate.

The camp opens July 3d and closes twelve days later. The entire twelve days will be crowded with things that appeal to every healthy boy's heart. Some special events listed are:

Fourth of July celebration, parents' day, band concerts, country circus, hare-and-hound chase, Scout demon-

KITE MAKERS MEET AND HAVE JOLLY TIME

Boys and Girls Gather at Y. M. C. A. and Hold High Jinks.

Thirty-seven boys and girls of South San Francisco held a jolly party at the Y. M. C. A. Monday. They were all entrants in the "kite day" contests to be held here under auspices of the "Y" next Saturday. The evening was spent in playing games and in having a general good time. John Titsmouth, a Y. M. C. A. secretary from San Francisco, was present and gave the children a talk. Ice cream and cake were served to the young guests, and that they did full justice to the refreshments the fact that they consumed five gallons of cream testified.

In all, 110 youngsters have now entered their names in the contest.

.....strations, treasure hunt, burial of the camp ghost, trip to the haunted house, snipe hunt, pie eating contest, athletic meet, aquatic meet, boat races, marsh-mallow roast, boxing and wrestling contests, championship basketball and baseball games, Saturday night vaudeville entertainment, etc.

JEFFERSON DIST. TO GIVE TEACHERS RAISE

School Board Recommends That All Teachers Be Given Increase of \$25 Per Month.

The school teachers of the Jefferson district, including Colma and Daly City, will receive an increase in salary of \$25 a month, beginning July 1st, if the recommendation of the school board of the district is agreed to by County Superintendent of Schools Roy Cloud and the supervisors of the county. The school board decided to make this recommendation at a meeting held at the Thornton school building in Colma Tuesday night. This will mean an increase in the payroll of the district of about \$875 a month, as there are some thirty-five teachers in the district.

The meeting was attended by all the teachers of the district. It is believed that, as increases in teachers' salaries have already been secured by most of the districts of San Mateo county, there will be no difficulty in securing the same consideration for the teachers of the Jefferson district.

SAN MATEO SECURES MOVING PICTURE STUDIO

The movement to make the San Francisco bay district the center of the "movie" industry was stimulated with the announcement this week that San Mateo county secures the location of the first big motion picture studio plant to be constructed by the Golden Gate Cinema Pictures Corporation, a million-dollar company organized here.

The decision to build the first unit, costing approximately \$300,000, in San Mateo, was made following a meeting in the Hewes building offices of the company, attended by Mayor W. H. Pearson of Burlingame, Mayor Thomas A. Brady of San Mateo, and a number of prominent bankers and business men of the peninsula. Frank Burt, former director of concessions at the 1915 exposition, represented the corporation.

Every requirement of the motion picture plant was met by the San Mateo county civic and business interests.

A tract of land, containing 105 acres, in San Mateo, at Pennsylvania avenue and D street, near the Southern Pacific railroad, was accepted as the site for the first studios. Thirty-one acres are to be utilized, according to present plans, for the erection of the nucleus of the plant. The remaining 74 acres will be retained for the expansion of the company's studio facilities.

KAUFFMANN BROTHERS NOW OWN SHIP HOTEL

By a deal consummated a few days ago, Kauffmann Brothers of this city have come into possession of the Ship Hotel of South San Francisco. The place was sold a short time before at a trustee's sale in Redwood City and bought by Peter Lind, proprietor of Lind's Market of this city. Mr. Lind had possession of the hotel for about one week, then resold it to Kauffmann Brothers. The new owners have secured the hotel as a speculation. They are already heavy owners of realty in this city. The Ship has had a varied career since it was built here a few years ago, having passed through several hands. Under the new ownership and management, the Ship will be run as a first-class popular-priced hotel.

CRUSHED UNDER HUGE STEEL WEIGHT

ITALIAN LABORER INSTANTLY KILLED WHEN STEEL GIRDER SNAPS; FOUR TONS FALLS UPON HIS HEAD.

Robino Oresti, aged 27 years, a "crane follower" at the South San Francisco plant of the Pacific Coast Steel Company, was instantly killed at about 4 o'clock Saturday morning when a great bundle of steel weighing over 8000 pounds fell on his head and shoulders.

Oresti's duties consisted of following one of the big overhead traveling cranes used at the mill for moving heavy bodies and guiding the object carried as it was lowered. In this case the crane, driven by Dave Farrell of South San Francisco, was conveying a bundle of corrugated steel in the shipping department to a scale to be weighed. Directly over the scale the crane stopped, and the unfortunate man was guiding the great bundle. He had stooped under it, as he had hundreds of times before on similar occasions, when a heavy steel truss rod or equalizer to which the steel cables that carried the crane's burden were attached, snapped, and the entire enormous mass of metal fell upon the unfortunate man. Officials and workmen, who testified at the inquest held Tuesday morning, declared they were at a loss to understand why the bar broke, as it had carried heavier weights before and an examination of the broken edges showed there had been neither crack or flaw in the metal. It was made of a section of steel railroad rail.

So far as is known Oresti had no relatives in this part of the country. It has been learned he has a sister somewhere in Pennsylvania, and an effort has been made to reach her by wire. He had two brothers killed during the war in the Italian army, and his mother, who lived in Italy, died of grief when her two sons went into the war. His father was killed about a year ago by a premature blast in a Nevada mine. Oresti had lived in South San Francisco about nine years, three years of which time he had been in the employ of the steel mill. A peculiar feature of the case is that he had made arrangements to quit his work at the mill Saturday, intending to spend the summer working in the lumber mills. Only a few hours of labor at the steel mill lay before him.

The funeral took place, from the Nieri undertaking parlors Tuesday, burial being in the Italian cemetery.

Y. M. C. A. SECRETARY GOES TO SACRAMENTO

David L. Smith, secretary of the South San Francisco Y. M. C. A. since last June, has taken a similar position as secretary in Sacramento, and has left this city for the state capital to make his home. Mr. and Mrs. Smith will be much missed by the many friends they have made in this city. Robert Baldwin, who has been assistant secretary at the local "Y" since October, will be in charge until about June 15th, when Mr. Larimore, general secretary of a Y. M. C. A. in Washington, will arrive to take charge. Mr. Larimore has a family, who will follow him to this city in the fall.

ROBERT SPEED

Managing Editor

FRIDAY, JUNE 4, 1920.

IN THE COURT OF JUSTICE W. J. SMITH

Harvey D. Skirven of Daly City was up for trial on Saturday morning on a charge of battery preferred by Julia Olsen, also of Daly City. Skirven was found guilty and fined \$100, and both parties were put under \$500 bonds to keep the peace. The two families live neighbors and had trouble over some borrowed furniture.

The people vs. Catherine McGinnis, another case brought here from Daly City, will be heard June 8th. The complaining witness is Hans Von Sydow, a street car conductor. The trouble arose over a fare in Sydow's car.

Saturday, June 5th, will be heard an action brought by Dr. J. C. McGovern of this city against John O'Toole, who lives at the Armour Hotel here. McGovern is suing for \$60, alleged due on a dental bill.

Judge Smith has not yet announced his decision in the case of Arthur Meehan, former city marshal at San Bruno. This case is a civil action brought by T. F. Sweeney for the sum of \$23, fixed as the price of a gun taken from Sweeney while Meehan was marshal and never returned.

JOSHUA MAULE AMONG

SACRED HEART GRADUATES

Tuesday evening a number of friends of Joshua Maule attended the commencement exercises of Sacred Heart College at Scottish Auditorium, San Francisco. J. D. Maule Jr., who has been attending Sacred Heart for the past year, was a member of the graduating class. Young Maule has taken a position with the Peninsula Drug Company of this city, where he will be employed in the near future.

MAKING MONEY RAISING

PEAS AT MARINA, CALIF.

James Butterworth, formerly of South San Francisco, was in town Tuesday and Wednesday on a business and pleasure trip. While here he purchased a Ford touring car. He states that he has an option on a forty-acre ranch at Marina, Calif., which is set out entirely to peas. These are already contracted for at 8 cents a pound.

H. A. Stark, also of South San Francisco, has an adjoining ranch of sixty acres, which is also planted to peas.

SAN BRUNO LOCALS

The Misses Lottie and Abbie Diggle are spending a two weeks' vacation at Pacific Grove.

Dickson's orchestra has taken a place at Guerneville for the summer, playing at a resort there.

Little Cecilie Eddy of Lomita Park has sent out thirty-five invitations to little girl friends for a birthday party next week.

The recreation center tennis court is rapidly shaping into form, thanks to the good work by W. H. Eddy of Lomita Park and Robert Schellenger of Fourth addition, who spent all day Monday working on it.

The Wallace family of Huntington Park spent the last week-end at Santa Cruz.

Charles Sonnegar and family spent the week-end at Vallejo.

J. H. Galleher and family spent the week-end at Eldridge and Petaluma.

LABOR DISCUSSION AT CHURCH AROUSES INTEREST

Local labor circles are following with interest the development of the forum for the discussion of local social problems which meets in the Community Church every Sunday evening. Some of the questions which will be answered this week are: "Is it in accordance with Christian principles to live without productive labor?" "Does Christianity mean socialism?" "What is the relation between Christian teaching and the theory of absolute ownership?" "Would Jesus condemn a man who, grown rich at the expense of others' rights, gives money generously to charity?" The meetings begin at 7:30.

In the morning the discussion will center about modern religions, Confucianism, Mohammedanism, Brahmanism, and Christianity. The service begins at 11.

"Poetry, Music, and Religion" will be the topic of the young people's service at 6:30.

You are invited to all these services.

PLANS ARE COMPLETED FOR COMMUNITY SURVEY

As announced in The Enterprise of last week, all citizens of San Bruno and Lomita Park, irrespective of denomination or creed, will be visited by census enumerators Tuesday, June 8th. The community has been divided into twenty-five districts, each under two census enumerators, and the entire population should be listed within a short time. Any information desired may be secured from either Rev. E. A. Limper, Rev. Del Norte Winning, W. H. Holliday, J. Reynolds, J. Payne, or P. Bolliger.

TAKE AUTO TRIP TO BIG BASIN COUNTRY

The Filthy Five, composed of W. L. Maher, H. F. Maher, Carl Hultberg, L. Palmer, and W. Hoops, spent Sunday night and Monday at Big Basin, making the trip in the Mahers' Ford. The boys say they had a barrel of fun. They went to Stevens creek, Alum Rock canyon and other points of interest.

FIRE COMPANIES MERGE.

The volunteer firemen held a meeting last Friday evening, at which Company 2 was consolidated with Company 1. Fire Commissioner Kane and Mayor Grundy were elected honorary members of the company. A spread was prepared for the boys by Chief William Nerny.

BOY SCOUTS TO ACT AS PAGES AT CONVENTION

The San Bruno Boy Scouts received an invitation to have their boys act as pages at the Democratic convention in San Francisco this month. The boys are arranging it so that all the boys can go and see what a big convention is like.

Mr. Lake of the Boy Scout headquarters told the Scouts at their meeting Thursday evening about the Boy Scout encampment at Cazadero, which a number of the local boys are planning to attend. He also told of the jamboree to be held in London, England, to which San Francisco district will send one representative. A number of local boys are to take the examination for this trip.

A number of local Scouts went to Camp Lillenthal the past week-end.

SAN BRUNO GIRL WEDS SAN FRANCISCO MAN

The wedding of George H. Harris of San Francisco and Miss Helen F. Smith of San Bruno took place Tuesday evening at the home of the bride's parents in San Bruno, the Rev. Del Norte Winning officiating. The house was prettily decorated with roses and white carnations.

After the wedding a very sumptuous repast was enjoyed by immediate relatives, who were the only ones present during the ceremony.

Harold Honore played the wedding march.

The heartiest congratulations of the community are extended to the newly married couple, both of whom are very popular in San Bruno.

WHIST CLUB MEETS WITH MRS. E. P. KAUFFMANN

The afternoon Whist Club met at the home of Mrs. E. P. Kauffmann Wednesday afternoon. Mrs. Haaker won first prize. Strawberry shortcake and coffee were served. The next meeting will be held at the home of Mrs. E. Kleemeyer.

SHORTRIDGE DELIVERS ELOQUENT ADDRESS

The audience that gathered at Fraternal Hall last Sunday to hear Samuel Shortridge deliver a memorial address, was not so large as the occasion and the address merited, but the hall was well filled and all those present were appreciative. Mr. Shortridge gave a polished, eloquent speech and proved himself as always master of the platform and of his audience, be that audience large or small.

E. E. Cunningham, veteran of the civil war, presided at the meeting, and in his preliminary remarks told of hearing Mr. Shortridge in a memorial address in San Francisco thirty years ago. On the platform beside Mr. Cunningham were L. E. Adams and Mr. Davison, veterans of the Spanish war. Mr. Shortridge paid eloquent tribute to the veterans of both wars, as well as of the great war just passed.

Mr. Shortridge spoke under the auspices of the Forum which has been meeting Sunday nights and hearing addresses and holding open discussions. Judge Wilbur of the state supreme court has consented to appear here as a speaker at some date to be announced later. Sunday night, June 13th, a local speaker will address the Forum, the subject to be "Mexico and Its Troubles."

METHODIST LECTURER STRUCK BY AUTOMOBILE

Frank R. Kennell, an employee of the Methodist Book Concern of San Francisco and a resident of Menlo Park, is at the South San Francisco Hospital with a broken leg and severe bruises.

Mr. Kennell delivered a lecture at San Bruno on the night of May 30th. Afterward he was standing at the edge of the highway when a car, driven at a rapid rate, struck him, knocking him to the pavement. The injured man was brought to the hospital by the driver of the car, whose name was not secured.

DARING CAPTURE MADE BY SOUTH S. F. MAN

Charles Grant, president of the local janitors' union, again brings himself before the public as an unassuming hero.

Mr. Grant, while roaming around in his janitorial occupation, caught the rumor that an escaped convict was at large and had made his headquarters near here. This public-spirited citizen, with the aid of a trusty companion, undertook to waylay the criminal at his den and place him under the bars of the law.

They found him lying upon the beach at the South San Francisco water front, and with spirited assault took the prisoner—and found him to be not the fugitive from justice but a college professor in search of wild marshmallows.

Although foiled in their attempt to aid the law, these citizens showed the proper spirit which makes the country safe.

It has been rumored by the envious that Mr. Grant did not go near the spot indicated, but stayed at home partaking of "3 in 1" home brew, while others say the professor (criminal at large) was a cripple with several links missing. This may account for Mr. Grant's valor under hope of a large reward.

YOUNG CHURCH-GOERS SPEND WEEK-END IN CAMP

About twenty-five of the young people of the Community Church spent last week-end at Camp Taylor. Hiking, swimming and fishing and other games were heartily enjoyed by the hikers. W. N. Holliday brought in the prize string of fish.

A unique Memorial Day exercise was conducted upon the mountain top close by. A sunrise service and an impressive evening service about the campfire were conducted by Rev. Mr. Winning.

The Rev. Del Norte Winning, Mr. and Mrs. W. N. Holliday, Mrs. J. Lindsey, E. Reynolds, and Mr. and Mrs. J. Reynolds chaperoned the party.

FIREMAN PLAY BALL GAME WITH CENTER CLUB

An interesting game of baseball was played last Sunday by the firemen and the Center Club on the Belle Air diamond, the firemen winning by a score of 13-6. Bert Hodson pitched for the firemen, Tom Leach did the honors for the Center Club. The game was close until the sixth inning, when the firemen got to Leach and walked away from their opponents.

The Center Club, although they took a bad licking, are game and want a return game in the near future.

CENTER CLUB PLANS ROSE DANCE JUNE 12

The Center Club will give a rose dansant Saturday evening, June 12th, at California Hall. This is to be the biggest and best affair yet given by the Center Club. Everybody is invited to attend, wearing a rose.

How Many Homes Have You Paid For?

And how many homes do you own today? Recently a man came into our office that had decided years ago to apply his rent money toward the payment of a house. He soon rented the house to another fellow and his rent paid the balance on the house. He bought himself another one and another one, until today he owns several homes and has quit work. The rent money he now collects means a substantial income to him. The future is sure, bright and smiling for his wife and children.

Rent day never comes around to the man who owns his own Home.

A deed to your home is the best form of life insurance you can have.

We will build you a house to order, exactly as you plan it and upon a lot that suits your ideas. A small payment down and your rent money will pay for it. The man who owns his own home not only saves rent but makes money on the increased value in his property.

BIG "EVERYBODY WINS"

Thousands of Dollars in Rich Prizes Will Be Awarded

This Big Contest officially opens next Monday, June 7th, and closes Saturday Night, July 24th

Rules and Regulations

- 1.—Contest officially opens next Monday, June 7th; will extend over a period of seven weeks only, closing Saturday night, July 24th.
- 2.—Any reputable man, woman, or child residing in South San Francisco, Daly City, Colma, San Bruno or surrounding territory is eligible to enter this contest and compete for a prize. Nominations may be made at any time during the contest.
- 3.—No employee or near relative of an employee of The Enterprise-North End Progress is eligible to enter this contest and compete for a prize. The Enterprise-North End Progress reserves the right to reject any nominations.
- 4.—The winners of the prizes will be decided by their accredited votes, said votes being represented by ballots issued on subscriptions, job printing, and advertising, and by coupons clipped from the papers.
- 5.—Candidates are not confined to their own particular town or community in which to secure votes, subscriptions, etc., but may take orders anywhere in San Mateo county; or, for that matter, anywhere in the state or United States.
- 6.—Cash must accompany all orders where votes are desired. Candidates will be allowed to collect back subscriptions and renewals, as well as entirely new subscriptions, and votes will be issued on all alike.
- 7.—Votes are free. It costs the subscriber nothing extra to vote for their favorite candidates in this race. Votes must be asked for at the time of paying subscription, otherwise subscriber waives this privilege. Votes will not be issued on receipts covering past payments.
- 8.—Votes cannot be purchased. Every cent accepted through the contest department must represent a subscription, or an advertising and job printing account. Votes will not be issued on subscriptions for less than one year nor for more than five years in advance for any one candidate.
- 9.—Votes are not transferable. Candidates cannot withdraw in favor of another candidate. Should a candidate withdraw from the race, his or her votes will be cancelled. Neither will it be permissible for candidates to give, or transfer, subscriptions to another candidate. Votes on such transferred subscriptions will be subject to disqualification at the discretion of the management.
- 10.—Any collusion on the part of candidates to nullify competition, or any other combination formed to the detriment of candidates or this newspaper, will not be tolerated. Any candidate entering into or taking part in such combination will forfeit all right to a prize or commission.
- 11.—All ballots issued on subscriptions, job printing, and advertising may be held in reserve and voted at the discretion of the candidates. The printed coupons appearing from week to week in the papers must be deposited at the contest department before the expiration of date appearing thereon.
- 12.—In the event of a tie for any one of the prizes, a prize identical in value will be given each tying candidate, but does not automatically advance the succeeding candidates in the prize winning list.
- 13.—No statement or promise made by any solicitor, agent or candidate varying from the rules and statements published through the columns of this newspaper will be recognized by the publisher.
- 14.—In case of typographical or other error it is understood that neither the publisher nor the contest manager shall be held responsible except to make the necessary correction upon discovery of same.
- 15.—Candidates are authorized agents of The Enterprise-North End Progress, and as such may collect arrearages and advance subscription payments from present subscribers as well as new subscribers.
- 16.—It is distinctly understood and agreed that candidates will be responsible for all moneys collected, and that they will remit such amounts in full at frequent intervals, or on demand, to the contest department of The Enterprise-North End Progress.
- 17.—There will be SIX BIG PRIZES awarded, besides a 20 per cent cash commission to all active non-prize-winners, but it is understood that in the event any candidate becomes INACTIVE—failing to make a regular cash report—he or she will, at the discretion of the management, become disqualified and thereby forfeit all rights to a prize or commission.
- 18.—To insure absolute fairness in the awarding of prizes, the race will be brought to a close under a sealed ballot box. During the entire last week of the contest the box—locked and sealed—will repose in the vaults of a local bank, where candidates and their friends may deposit their final collections and reserve votes. And, not until the contest has been declared closed, will the seals be broken, the box unlocked, and, in the presence of the candidates and all other interested parties, will the judges make the final count. In this way no one—not even the campaign manager—can possibly know the voting strength of the respective candidates, which precludes any possibility of favoritism and insures fairness to the minutest degree.
- 19.—The Enterprise-North End Progress reserves the right to amend the rules of this contest, if necessary, for the protection of the interests of the candidates and this newspaper.
- 20.—The Enterprise-North End Progress guarantees fair and impartial treatment to all candidates, but should any question arise the decision of the management will be absolute and final.

\$25.00 IN GOLD—SIXTH PRIZE

Get in the game today and ride in your own car July 25th. Costs nothing to try! Everybody wins!

The Plan in Brief

The object of this big prize distribution is twofold; primarily to increase the already large subscription list of The Enterprise-North End Progress, and at the same time to offer our friends and readers an unparalleled opportunity to profit, and in a big way, through their spare time and effort during the next few weeks. So it is a plan that works both ways and to the ultimate good of all concerned.

In order to gain this end quickly and advantageously, the most valuable and attractive list of prizes ever offered in San Mateo county by a local newspaper has been made ready for distribution among those who participate most heartily. Ambition and energy are the only requisites for success.

The plan adopted is the fairest and most impartial conceivable. There will be no "double vote offers" or anything of the kind, nor will there be any special prizes offered, or any other inducements whatever inaugurated during the life of the contest. The plan of the campaign is straightforward and simple, and is fully outlined in this announcement.

It is to be understood at the very outset that this is not a "beauty" nor "popularity" contest, but a strictly legitimate competitive proposition for enterprising men and women, boys and girls, and one into which no element of chance enters. One feature of this competition is the fact that there will be no losers in this race.

How to Enter the Contest

The first step in order to become a candidate and compete for a prize is to clip the nomination coupon appearing below, fill in your name and address, and mail or deliver to the contest department of The Enterprise-North End Progress. This coupon entitles you, or the person whom you might nominate, to 5000 FREE votes. These votes are given to you as a starter, and speed you on your way to win. Only one such nomination coupon will be accepted for each candidate nominated.

The next step is to call on the Contest Department, located at 3380 San Jose street (next door to Dr. Rankin's office), Daly City, or at the business office of The Enterprise at South San Francisco, for FREE working outfit, consisting of a special receipt book, sample copies of the paper, etc.

Thus equipped, you have but to see your friends and neighbors, relatives and acquaintances, and have them clip the free coupons from their papers and pay up their subscription to the South San Francisco Enterprise or the North End Progress of Daly City through you. THAT'S ALL THERE IS TO IT! However, you will never "get anywhere" unless you make the start; and, while it will not be a very difficult matter to win the first grand prize, at the same time it will be no child's game. You must map out your work the same as any successful business man plans his work for a season, and, above everything else, let no one discourage you. Anything worth having is worth striving for. Seven short weeks and you may be riding in your own automobile!

How Votes Are Secured

It takes votes to win, and votes are secured in two ways. First, by clipping the free coupons from the papers. There is no limit to the number you may secure. Begin gathering them NOW while they are worth 100 votes each. After next week these coupons will be reduced to 50 votes; the following week to only 10, and after that they will be discontinued entirely. The only restriction placed on voting the coupons is that they must be deposited at the Contest Department before the expiration date printed thereon. Get your friends to saving these free coupons for you—they all count!

The other, and much faster way, to get votes is by securing subscriptions, advertising, etc., to the South San Francisco Enterprise and the North End Progress of Daly City. On each subscription, or order, turned in a certain number of votes are issued, the number varying according to the amount paid and during which "period" same are received at the Contest Department. (See schedule below.) So, you see, the more subscriptions, etc., you secure the more votes you get, and the better your chances are to win the grand capital prize.

Early Start Means Easy Finish

The advantages of an early start are manifest. Not only do you have the full seven weeks in which to secure the winning votes, but now and up to and including Saturday night, July 3d, you will receive the maximum schedule of votes. Then, too, the first in the field will undoubtedly get the "cream" of the business, while those who put off entering until a later date will have to take what is left.

Don't lose valuable time "waiting to see what the other fellow is going to do," but pitch right in and show the other fellow "how to do it."

The Advisory Board

It is the sincere aim of this newspaper to conduct this contest from start to finish in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealings is guaranteed.

However, not all wisdom lies with any one man or institution, and for that reason an Advisory Board has been decided upon, and whose functions shall be to decide any question of sufficient moment that might happen to arise during the competition, and from which a committee shall be selected to count the votes and award the prizes the last night of the contest.

The personnel of this board is as follows:

Board—Mayor G. W. Holston, So. S. F.; City Trustee Henry Scampini, So. S. F.; Henry Haaker, Cashier Bank of South San Francisco; Mayor H. H. Smith, Daly City; City Trustee J. A. Meeks, Daly City; City Clerk Charles Biebel, Daly City; City Marshal Henry Toft, Daly City; Antone Sturla, Colma; City Trustee Dr. F. S. Smith, San Bruno.

All of these gentlemen are well known throughout this entire section of San Mateo county, and the final results, as given out by them, will be beyond dispute.

SCHEDULE OF VOTES AND SUBSCRIPTION RATES OF The Enterprise of South San Francisco---North End Progress of Daly City

FIRST PERIOD		SECOND PERIOD		THIRD PERIOD	
Embracing the first four weeks (terminating July 3), the following number of votes will be issued on subscriptions:		Embracing the fifth and sixth weeks (terminating July 17), the following number of votes will be issued on subscriptions:		Embracing the seventh and last week (terminating July 24), the following number of votes will be issued on subscriptions:	
1 year.....	\$ 2.50 3,000	1 year.....	\$ 2.50 2,000	1 year.....	\$ 2.50 1,500

The above schedule of votes, which is on a declining scale basis, positively will not be changed during the competition. However, a special ballot, good for 50,000 votes, will be issued on every club of \$25 turned in. This ballot will be in effect throughout the entire campaign and is to be considered a part of the regular schedule. There will be no extra votes offered, extra prizes given or any other inducements whatever inaugurated during this campaign. Remember this and lay your plans accordingly. No subscription will be accepted for less than one year or for more than five years in advance from any candidate. Votes will be allowed on job work and advertising in the same proportion as on subscriptions.

Short and Snappy Affair

This contest will not be a long-drawn-out affair of several months' duration, but extends over a period of seven weeks only. Think of being able to secure in just seven weeks' time awards that would ordinarily require months, even years, of self-denial and savings to acquire! That is exactly what is being offered you here for your spare time during the next few weeks in helping us extend our subscription lists.

This competition will be more interesting and far-reaching than any other ever undertaken in this county. The prizes are not only rich in material value, but are in keeping with the broad and liberal lines along which the entire campaign has been drawn. Ambition and energy are the only requisites for success. Seven short weeks and you may be riding in your OWN automobile!

Information and Assistance

In order to give everybody who enters this contest the greatest possible assistance, the publisher has secured the services of S. J. Liner of Chicago, who will give his entire time and attention to those who desire to participate.

Campaign headquarters have been opened at 3380 San Jose street, Daly City (next door to Dr. Rankin's office) and at The Enterprise office, South San Francisco. Mr. Liner will divide his time between the two places to answer inquiries and give all possible assistance.

Come in and see him personally and secure first-hand information as to how to go about winning one of the big prizes. If not convenient to call, clip the nomination coupon appearing in the double-page announcement elsewhere in this issue, and mail or deliver it to the "Contest Department" at once, and he will gladly see that you are fully informed regarding the entire plan. Do it now—TODAY.

SOUTH SAN FRANCISCO

A HISTORY

"To the Land of the Leale."

Before the coming of the railroad, beginning in March and continuing to the end of 1892, there was tri-weekly steamer service between this city and San Francisco, as set forth by the following advertisement, printed and published in that "lone copy" of the city's pioneer newspaper, the South San Francisco News, dated Friday, October 14, 1892, to-wit:

"Freight and Express Co.
The steamer Caroline, Capt. W. G. Leale, receives freight at South San Francisco Stockyards every Monday, Wednesday, and Friday until 4 p. m.
MOCKBE & CROUSE, Agts.
Cor. of Grand and Linden Aves."

Vividly this brief business announcement brings back to old-timers the old days. The old days? No, not the old days, but the young days; when the men and women now old-timers were not so old, but were all eager, earnest workers; busy laying the foundations of the fair city-to-be, the splendid industrial city, South San Francisco.

And what old-timer can ever forget the old steamer Caroline and her gallant master, that jolly old mariner Captain W. G. Leale. Three times a week Captain Leale and his Caroline came to this port. Then there were special days when Dunn & Co. brought great crowds on the Caroline, eager to see the new city and invest in its real estate; but the great feature was the bay excursions, when the good old ship carried joyous throngs of happy

South San Franciscans on those delightful little voyages around the beautiful bay.

Gone is the good ship Caroline; gone, it may be, to the scrap heap, ultimate end of all things material. Not so with old Captain Leale. He has departed, gone on his last voyage; gone down through the deep waters of the dark and troubled seas between two worlds; sailing—as we fondly hope and firmly believe—to the blissful shores of that celestial land where God's ships come home at last, with shining sails and masts of gold, into the peaceful port of everlasting life.

In the spring of 1892, Baden station was the nearest point on the railroad to the business district of this city. To secure railroad facilities, the South San Francisco Land and Improvement Company donated a right of way for a line of railroad from Baden station to and through this city to San Bruno, a total distance of about three miles, and in addition to giving the land, the company graded the three miles of roadbed. In return for this liberal contribution, the Southern Pacific furnished the ties and rails, completed the three miles of railroad, and put up a depot building at the corner of Railroad and Cypress avenues.

The Southern Pacific Company opened the depot and commenced running trains over the new line in January, 1892. Chas. L. Herbst was the first agent, and continued as the company's representative from January, 1893, to May, 1896. Charley Herbst was a capable, courteous, and popular representative of the Southern Pacific, and it is fitting in this connection to note the pleasing fact that the Southern Pacific Company's agents for this city have been, from first to last, of the same fine type.

For several years all trains, both through and local, ran over the new line; but in course of time only the local and mail trains came through South San Francisco, the flyers going over the old line, which was shorter and without the curves on the new line.

In 1892 a water system was developed by the Land and Improvement Company through artesian wells. Water mains and pipes were laid, a reservoir was constructed and a pumping plant installed of sufficient capacity to supply water for household, factory, and fire protection uses.

Catarrh Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

The laying of the water main on Grand and Swift avenues was completed and water was delivered into the reservoir in September, 1892.

The main sewer on Grand avenue was completed in the summer of 1892. The work of excavating for and laying the sewer mains and pipes was done by Jos. Gibson, and before the end of the year sewer connections were made covering about all of the business district.

In the spring of 1892 the Land and Improvement Company opened a rock quarry on the hill just above the intersection of California and Maple avenues, and installed a steam power rock crushing plant below the quarry, to provide rock for street and other improvements. The plant was in operation many years and a big section of the hill was cut away, leaving a gaping chasm, which was recently filled up at considerable expense in making the street improvements for the High School Park district. H. W. Walker Sr., an old-time resident and a one-time supervisor of San Mateo county, was in charge of the rock crushing and teaming work of the Land and Improvement Company in 1892.

Dr. A. J. Holcomb came to this city from Brooklyn, N. Y., in the summer of 1892, and was this city's first physician and surgeon. Upon the opening of business by the Western Meat Company about the end of 1892, Dr.

Holcomb was made their surgeon and physician, and retained that position, together with a general practice in the city, for some eight years. "Of Such is the Kingdom of Heaven"

Inside the great brass statue of Moloch a roaring fire was built on holy days.

And into the seething arms of the pitiless god mothers hurled their screaming infants.

In the South Sea Islands, when either parent died, the children were slain and buried also, to wait the parent in the other world.

In China the girl babies were drowned; in Greece they were exposed upon the bleak and bitter mountainsides.

And even Socrates, the greatest of the Greeks, saw nothing in the practise to condemn.

Thus the ancient heathen world treated its babies.

Who was it that changed the world's thought about children? Who made them the most important citizens of the world?

Jesus of Nazareth. It was He who said "Suffer little children to come unto me and forbid them not."

He gave them the proud privilege of being His friends.

In every age His Church has been the champion of childhood. Dathous, a Christian Bishop, founded the first orphan asylum. All the laws for the protection of children have their roots and their security in His Church.

Wanted a Middle West Seat.

The fussy moving picture theater patron frequently gives the usher something to think about, to relieve the monotony of his work, but not in a long time has a patron of this class caused as much amusement as one who visited the Majestic recently.

The usher was not the only one amused by her. Her directions as to where he should seat her were heard on both sides of the center aisle and caused a titter of amusement to wave over the adjacent spectators.

"How far down?" politely asked the usher, as she swept toward him. "Somewhere about the middle west," replied the patron.—Columbus Dispatch.

Fan Long Feminine Accessory.

Probably the average reader associates the fan with the Spanish or Mexican girl more certainly than with the girls and women of any other country. Carmen is, no doubt, responsible for this, but fans have been in use in hot countries for countless generations. In a museum near Cairo is shown the handle of a fan, taken from the tomb of Amenhotep who lived in the eighteenth dynasty. There is also a bas-relief in the British museum which shows Sennacherib surrounded by female figures each carrying a feather fan.
